

Moorland Bird of Prey Workshop 2012

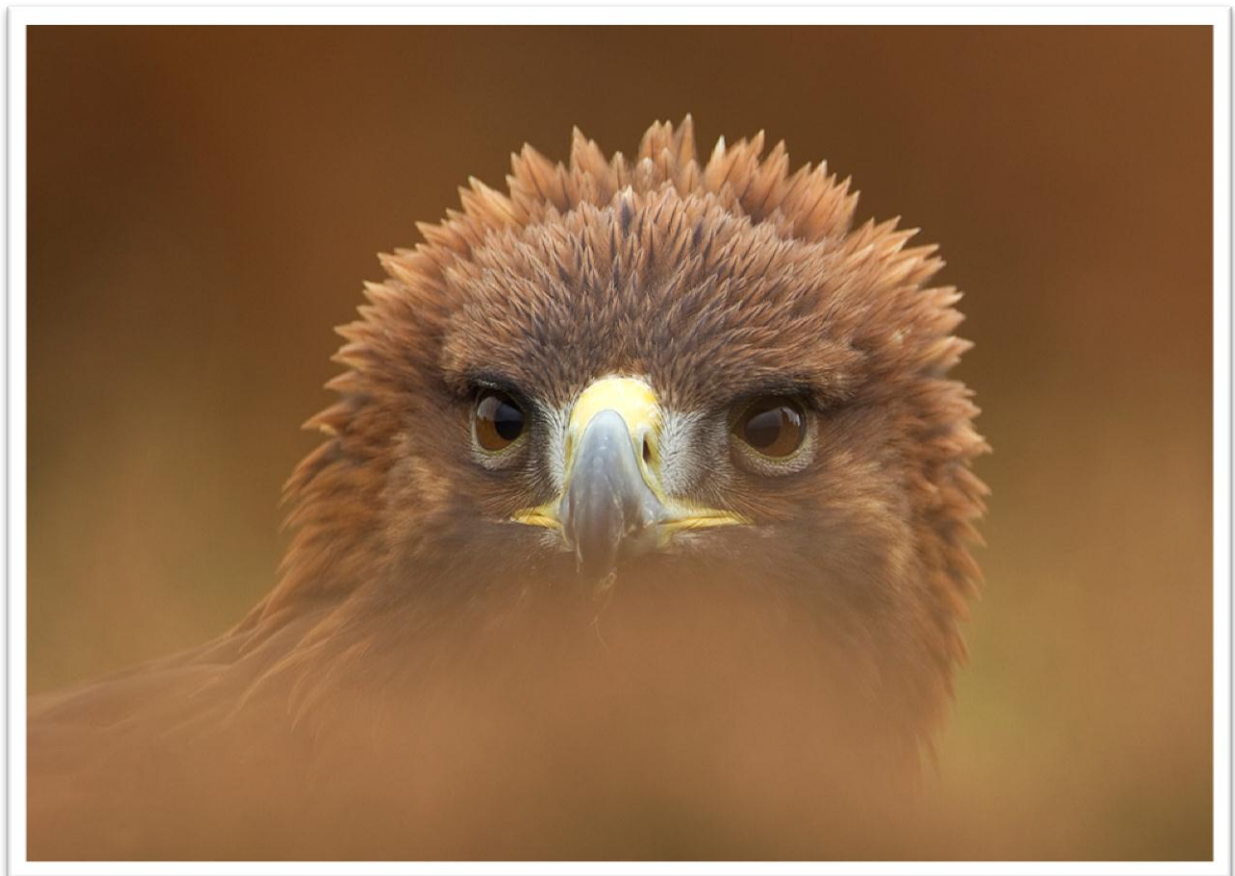

Venue and Time:

Meet at my home address at 10.00 am. Details will be sent out to you nearer the time.

Programme:

At 10.30 am we will travel to Coalville in Leicestershire where we will meet the Falconer and the birds. All photographic standards are welcome and you can be assured of individual tuition. If you have any questions please ask. I will be taking my own equipment which is Canon, so if you would like to use a 500mm F4 lens please let me know, as it is there and available on the day. I also have spare tripods too.

We will break for lunch at 1.00 pm and drinks and sandwiches will be provided. I would suggest you bring a flask of tea or coffee as there is no cafeteria. The workshop is scheduled to finish at 5.00 pm.

We will be photographing these types of birds in moorland environment which is a perfect backdrop for these spectacular birds. Richard our falconer for the day is excellent with his birds and really understands the needs of wildlife photographers and as natural looking images are what we always try to achieve, he is aware of any jessies showing in your images. The birds could change as we have to take into account whether they are moulting or healthy enough for the given day but we have four birds to work with from this selection.

- Golden Eagle
- Peregrine Falcon
- Barn Owl
- Eagle Owl
- Buzzard
- Little Owl

Items to Bring:

- Camera(s) + spare batteries etc. Digital or Film cameras are suitable.
- Lenses 300mm and 500mm will be ideal for the static shots and a 100mm macro can give some good close up head/eye shots as well.
- Tripod
- Camera cover (just in case it rains)
- Sturdy footwear
- Waterproof clothing
- Flask of tea or coffee
- If you would like to hire equipment then here is a link to The Flash Centre, rental department website:
